ARC LIMITED

The UK market body for
insurance and reinsurance
legacy management
professionals

About ARC

ARC is the UK market body for insurance and reinsurance legacy management professionals. ARC is recognised as the

ARC Board 2008

voice of the legacy management sector by a wide range of government and market bodies including the UK Financial Services Authority (FSA) and the Department for Work and Pensions.

ARC activities range from industry consultation with government to promotion of the sector's skills and expertise. In particular, the ARC Academy provides top quality, competitively priced training that is fully accredited by the Chartered Insurance Institute, one of the world's premier professional training organisations for the general insurance industry. More recently, ARC has also established its own annual awards designed to promote and recognise excellence in legacy management.

ARC's 200 members span reinsurers and insurers with discontinued business (both solvent and insolvent), service providers and associated professionals such as accountants and lawyers. Over the past decade the membership has also grown and broadened to include companies from Continental Europe and the US, so highlighting the development of the legacy management sector globally.

ARC's objectives are to:

- Promote excellence within - and understanding of - legacy management
- Build sector expertise and skills through education initiatives
- Raise awareness of legacy issues affecting discontinued and live business
- Represent members to UK government, regulatory and market bodies
- Liaise with overseas governments, regulatory and market bodies

Academy – Forthcoming Courses:

24th March 2009

Legacy Claims; the next 10 years

7th May 2009

APH Claims; the never ending story

29th June – 1st July 2009

(residential) Legacy management skills

ARC Academy

- A CII accredited annual programme of courses specifically designed for people working in or alongside the legacy management sector

Membership Benefits

Market representation – being a part of the UK market body which promotes the interests of legacy professionals to other re/insurance sector bodies such as the ABI and CII

A unified voice on key issues – being part of the UK market body which represents members' concerns and views to government and regulators, lobbying for change as needed

Cutting edge market intelligence – access to members' only ARC forums which discuss and debate topical issues with leading market practitioners and regulators

News, views and data – regular updates via market circulars, members' newsletter and the ARC website which provides key industry information and links

Sector specific training – preferential pricing on ARC Academy training programmes designed for the needs of the legacy sector and fully accredited by the CII

Significant savings – specially negotiated discounts on a wide range of industry conferences, services and trade publications

Annual ARC Congress – preferential pricing on one of the key events of the 'legacy management' calendar

Networking opportunities – preferential pricing and/or access to a wide range of events

- Speakers are leading market figures from both UK and Overseas
- The Academy has support from the FSA and is complementary to the CII degree programme
